

# TASTY B2B WEBSITES FOR CONSTRUCTION COMPANIES

# OUR EXPERTISE

We have plenty of experience within the Construction industry. Whether it's creating tasty new websites or improving existing ones, Bigfork is the answer.

We understand what your customers want from your website, and how we can make it successful.

# WHAT WE CAN DO FOR YOU

# CUSTOM WEBSITES

We build new, bespoke B2B websites from scratch.  
We don't do "off-the-shelf" or rely on plug ins.

You'll get as much web expertise as you need -  
strategy, planning, design, development, copy,  
images, SEO, and much more.

We don't just design websites that look good, we  
design ones that deliver results too.

# WEBSITE SUPPORT

Our B2B website support provides you with all the expertise in design, development, SEO and conversion rate optimisation (CRO) you need to improve the performance of your website.

We keep your website up to date, quickly fix problems, and make sure it's well maintained.

# OUR WORK

## BATEMAN GROUNDWORKS

Bigfork were appointed to create a new quality website for Bateman Groundworks.

There were three objectives for the new site:

1. Attract high calibre employees and apprentices.
2. Stand out from competitors.
3. Demonstrate their commitment to sustainability.

[batemangroundworks.co.uk](http://batemangroundworks.co.uk)

BIGFORK

# BATEMAN GROUNDWORKS BESPOKE DEVELOPMENT

In order to attract new employees, a custom interactive tool was developed to demonstrate career paths for people considering an apprenticeship with Bateman.

# WORKING THROUGH OUR FUSION PROCESS

To stand out from their competitors, we used a bold design, quality images and strong copy.

As part of our FUSION process, we created moodboards to help visualise the proposed website concepts and select the preferred option.

WAS GREAT. THEY REALLY  
UNDERSTOOD OUR  
BUSINESS NEEDS.”**

Marketing Manager, Bateman Groundworks

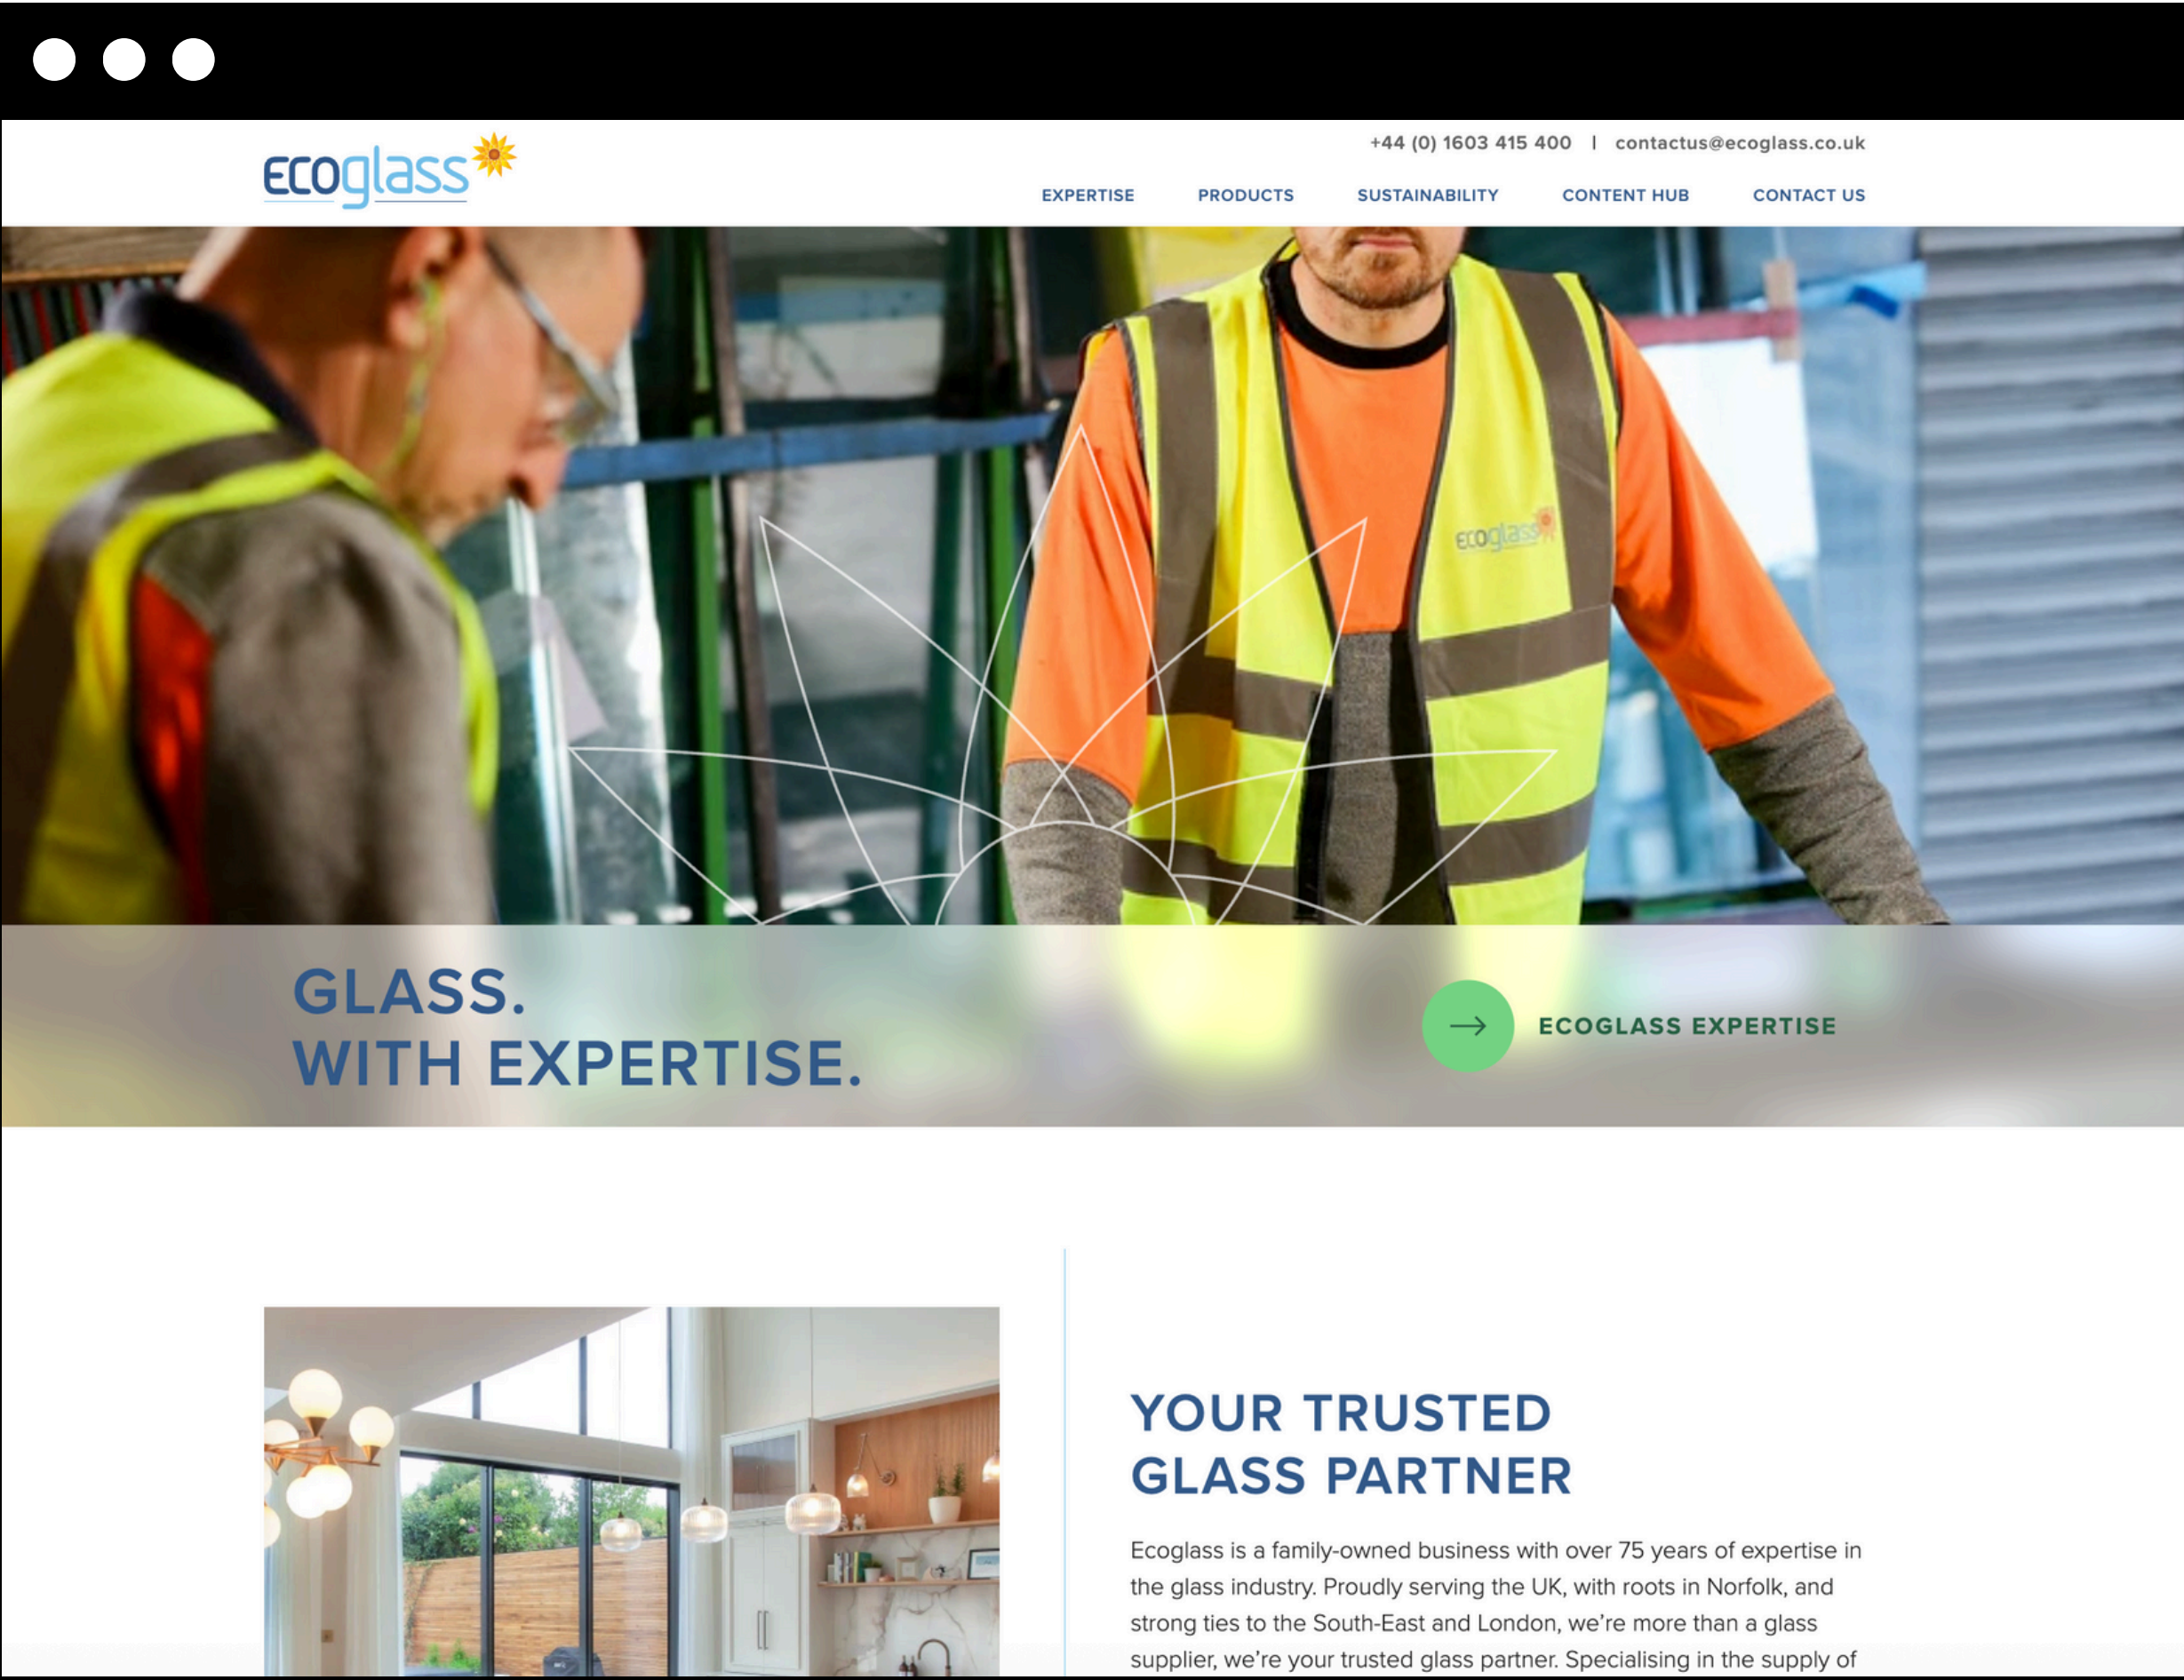

# ECOGLOSS TRANSFORMATION

Ecoglass had grown into a national supplier with expertise in efficient glass. They needed a new website to reflect this growth and differentiate them from their competitors.

[www.ecoglass.co.uk](http://www.ecoglass.co.uk)

BIGFORK

# COMMUNICATING EXPERTISE AND QUALITY

To differentiate Ecoglass we focussed on two key messages: proven expertise of their people, and their commitment to sustainability.

This messaging was consistent throughout the website with a detailed content hub, employee testimonials and a modern design with commissioned photography and videography.

## INSULATED GLASS UNITS – SUPERIOR INSULATION FOR EVERY BUILDING

EXCEPTIONAL THERMAL EFFICIENCY FOR YEAR-ROUND COMFORT

EcoGlass Insulated Glass Units (IGUs) are expertly designed to deliver superior thermal insulation and acoustic benefits, making them the perfect solution for both residential and commercial properties. Our IGUs maintain a stable indoor temperature, reducing the need for excessive heating and cooling, while also minimising external noise for a more peaceful indoor environment. Whether you're upgrading your current windows or working on a new build, our IGUs provide the energy efficiency, comfort, and reliable quality that modern buildings demand.

### APPLICATIONS AND BENEFITS

#### Residential Windows and Doors

Ideal for new builds or renovations, our IGUs provide enhanced thermal efficiency and sound insulation, making homes more comfortable and reducing energy bills.

#### Conservatories and Orangeries

Our conservatory roof insulating glass units feature a versatile solar-control coating that keeps your living space cooler in summer and warmer in winter. Additionally, low-maintenance options like Saint-Gobain Glass BIOCLEAN® and Pilkington Activ™ come with a special coating that uses the sun to break down dirt on the glass, allowing it to be washed away by rain or a rinse with a hose.

#### Commercial Buildings

EcoGlass IGUs improve the energy efficiency of offices and retail spaces, ensuring a comfortable environment while lowering operational costs.

## LOOKING TO IMPROVE YOUR BUILDING'S THERMAL EFFICIENCY?

Contact EcoGlass today to learn more about our high-performance Insulated Glass Units and how they can enhance your project.

## WHY TRUST ECOGLASS

At Ecoglass, we understand that switching suppliers can be a daunting decision, but the benefits of choosing us are compelling and clear. Here's why our customers consistently choose Ecoglass:

### Unmatched Service and Quality

If your current supplier isn't meeting your expectations, Ecoglass offers a refreshing alternative. With a reputation built on trust and excellence, we provide a top-tier service that not only meets but exceeds industry standards, ensuring your projects are completed with the highest quality glass products.

### Continuous Investment and Innovation

We are committed to staying at the forefront of industry advancements, continually investing in the latest technologies and machinery. This dedication to innovation means you receive cutting-edge glass solutions that enhance the performance and longevity of your projects.

### Local Footprint, Global Impact

Our sustainability programme includes the collection of pre- and post-consumer cullet waste, as well as a thriving partnership with Ecologi for every 10,000 insulated glass units sold, we plant 100 trees, further enhancing our environmental impact. We combine the reliability and personalised service of a local supplier with a strong commitment to global sustainability standards.

### Real Value

Partnering with Ecoglass means discovering the true value we bring to the table. At Ecoglass, real value means delivering more than just products, we provide strategic support that helps you achieve your business goals. By partnering with us, you gain access to a dedicated team focused on ensuring your success, from initial consultation through to long-term successful supply.

BIGFORK

ANGLIAN GROUP

Our brief was to merge two websites into one, and create a corporate website that would position the Anglian Group as a professional construction services partner.

[www.angliandemo.co.uk](http://www.angliandemo.co.uk)

BIGFORK

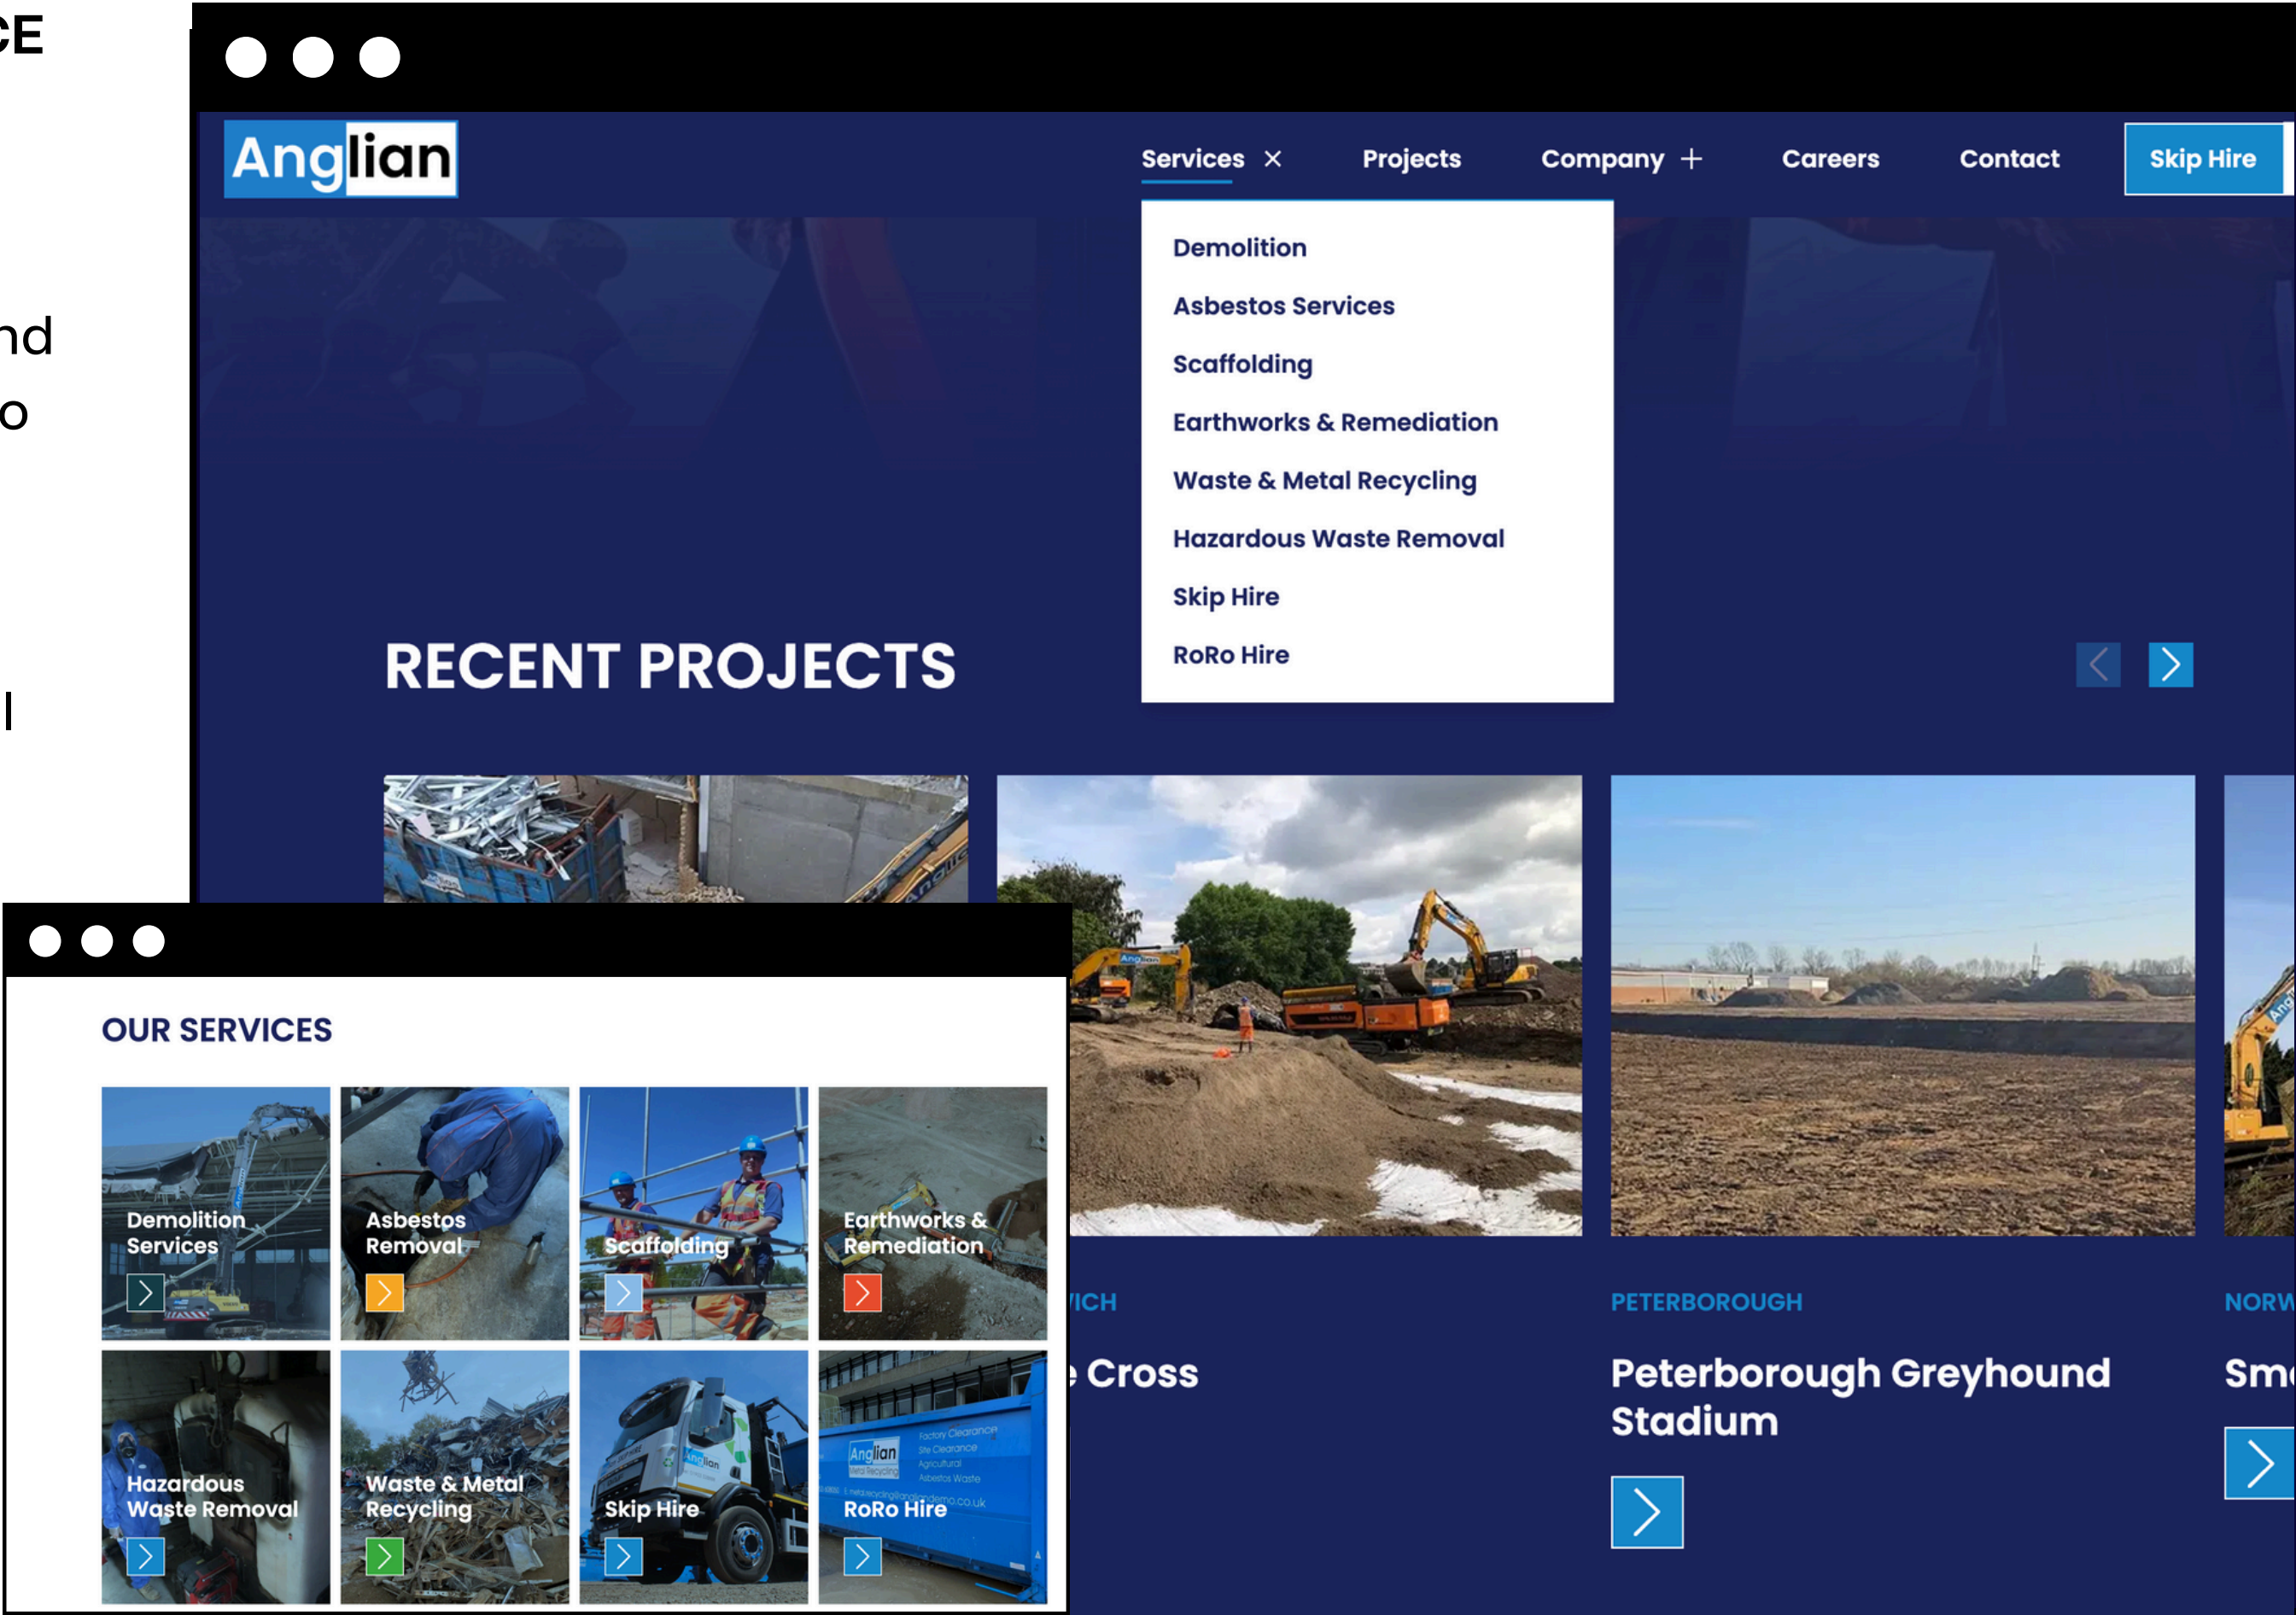

# A SEAMLESS USER EXPERIENCE FOR USERS

We created a simple user experience with a clear menu and direction through the website so visitors could find their required information quickly.

Engagement tactics such as roll over and transition effects also increased user retention and added premium positioning.

BIGFORK

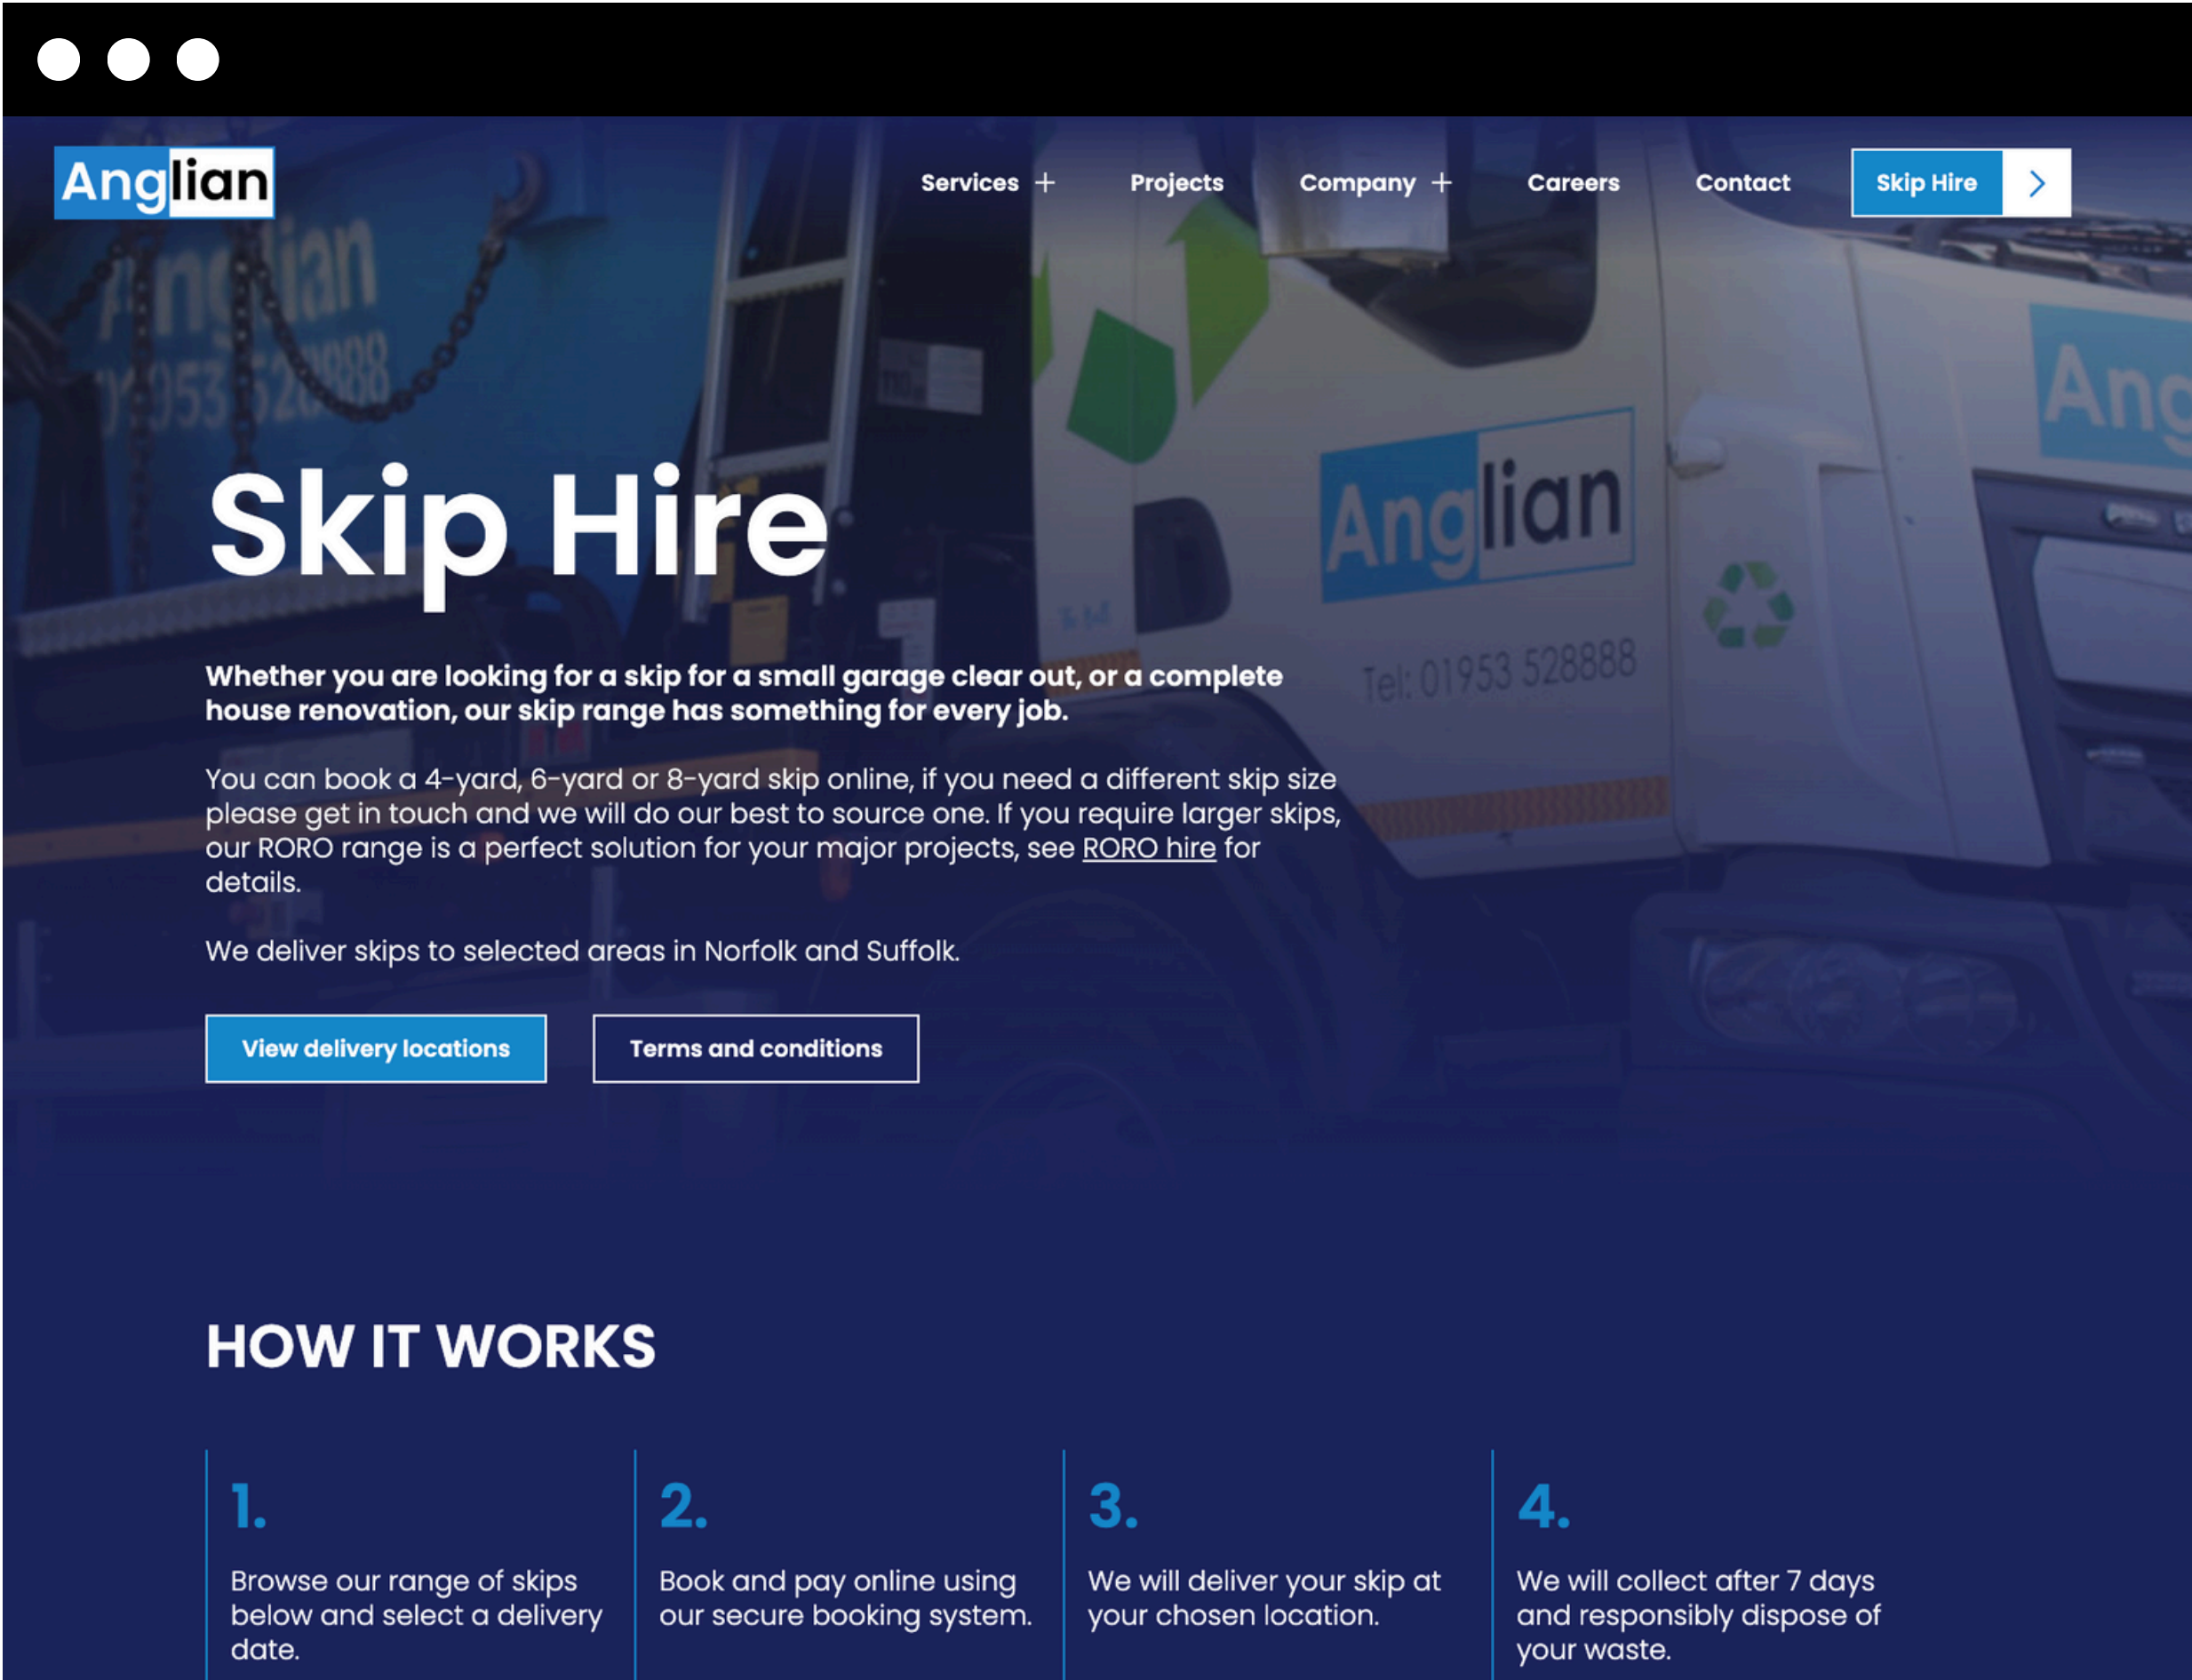

# INCREASING LEADS AND SALES FOR ANGLIAN GROUP

Anglian wanted to increase online sales for skip hire and the number of website leads.

We optimised the design for conversions using features like a constant skip hire button, strategically placed calls to action buttons and clear contact forms.

They reported they received a good number of leads from the site after it went live.

BIGFORK

# WHY CHOOSE BIGFORK?

# FUSION MAKES IT WORK

FUSION is our website process.

It successfully delivers a high quality website, on time,  
on budget, and focused on your business' growth.

BIGFORK

## 4 reasons why you can trust us with your website.

We're B2B specialists.  
We know what buyers want  
from websites.

You'll get a high quality, custom  
website. No templates and no  
compromises

You'll work with an expert and  
experienced team. Strictly no  
amateurs or offshoring.

You'll receive all the ongoing  
support you need for your  
website.

**FIVE STAR GOOGLE REVIEWS**

# AN EXPERIENCED TEAM

We help B2B companies streamline operations, accelerate growth, engage audiences, and position their brand above the competition with website expertise.

Bigfork are a small team of experts, with a big network of trusted specialists.
